POLICY FOR SAFEGUARDING CHILDREN AND YOUNG PEOPLE

Implemented January 2013

Review June 2023

1. Introduction

Football South Australia (Football SA) is committed to providing a safe and enjoyable environment for everyone that participates in football. Everyone that is involved in the sport should be treated with respect and dignity and be able to participate free of being discriminated, harassed, bullied, or abused.

Children and young people are a major stakeholder of football and should be able to enjoy participating in a safe, supportive, and empowering environment. Football SA and all its affiliated associations and clubs, have a responsibility to safeguard the welfare and wellbeing of children and young people, who should feel comfortable, and be encouraged to, speak up and report any concerns they may have or be aware of in relation to the safeguarding of children and young people.

In 2018 some of the requirements to create and maintain a child safe environment were removed from the *Children's Protection Act 1993* and replaced by the *Children and Young People (Safety) Act 2017*. New, stronger laws for people volunteering with children have been implemented into law following recommendations as part of Federal and South Australian royal commissions into child abuse and child protection systems to help keep children safe in our community.

2. Scope

The Safeguarding Children and Young People Policy forms part of Football SA's ongoing commitment to providing a safe and inclusive culture, which safeguards participants from any form of harm or risk of harm.

The wellbeing of Children and Young People is of paramount importance and this policy forms part of the Football SA Member Protection Framework and should be read in conjunction with the following documents:

- Football Australia Member Protection Policy
- Football Australia Safeguarding Policy and Framework
- Football Australia Code of Conduct
- Football SA Code of Conducts

This policy is to be implemented by all Football SA Clubs, Affiliated Associations and Clubs that provide services to children and young people Under 18 years of age.

3. Child Safe Environment Compliance Requirements

3.1. Lodging a Compliance Statement.

All clubs that provide services to children and young people Under 18 years of age must lodge a Child Safe Environment Compliance Statement with Football SA to confirm that they are implementing the requirements of a child safe environment as outlined in this policy.

A single compliance statement on behalf of all clubs and affiliated associations will be submitted by Football SA to the Department of Human Services. This compliance statement stipulates that all affiliated clubs and associations will implement and abide by the child safe environment policies and procedures.

Action:

All affiliated clubs must complete the Child Safe Compliance Statement as outlined in Appendix A. This statement must be completed and submitted to Football SA, within the specified timeframe as outlined by Football SA, by affiliated associations and clubs that provide services to children and young people Under 18 years of age.

The Child Safe Compliance Statement will be an annual requirement by all Clubs and Associations to be completed prior to the season commencing.

The adoption of a single compliance statement will ensure consistency across the whole of the sport. The single compliance statement also means that each individual club and/or association is not required to submit such a statement.

3.2. Working with Children Checks (WWCC)

South Australia has introduced stronger, more effective, and transparent screening laws for people working or volunteering with children. The new laws mean that everyone working or volunteering with children must have valid child-related screening.

The Working with Children Checks (WWCC) have replaced all other child screening checks including the National Police Certificates. Football SA stipulates that any person that holds a 'Prescribed Position', as outlined below, involving a person Under 18, must have a WWCC.

A prescribed position is:

- All people who have contact with or work in close proximity with people Under 18 years of age and are not directly supervised:
- Manage or supervise volunteers or paid staff that work with people Under 18 years of age:
- Have access to records in relation to people Under 18 years of age.

A person is not required to have a WWCC if they:

- a sworn police officer with the South Australian Police or the Australian Federal Police:
- work in the same capacity as a child (e.g., you work at a checkout in a supermarket that also hires people under 18 in the same type of role):
- don't work with children for more than seven days (consecutive or not) in a calendar year*:
- live interstate, have a current child-related check from your home state, and are working at an organised event in South Australia lasting no more than 10 consecutive days:
- are under the age of 14.

** The seven-day exclusion does not apply if the person is involved with an overnight activity (e.g., end of season camp) or has close contact with children with disabilities.*

Football SA has already developed a policy relating to the WWCC. This policy clearly outlines who needs to complete a WWCC and the process that needs to be undertaken to obtain such a screening.

Action:

All affiliated associations and clubs must implement the Football SA WWCC requirements.

3.3. Mandated Notifiers

The *Children and Young People (Safety) Act 2017* makes it a legal requirement for certain people to report a reasonable suspicion or incidences of harm or risk of harm. This obligation is known as mandatory notification and a penalty may stem from an individual's failure to comply. Notifications must be made to the Department for Child Protection - *Child Abuse Report Line (CARL) on 13 14 78*.

3.4. Definition

Mandated notifiers are an employee of, or volunteer in, a government or non-government organisation that provides health, welfare, education, sporting or recreational, childcare, or residential services wholly or partly for children.

These people:

- are engaged in the actual delivery of those services to children and young people; or
- Hold a management position in the relevant organisation the duties of which include direct responsibility for, or direct supervision of, the provision of those services to children and young people.

Based on the above definition, coaches, trainers, managers, any person that is providing services to children and young people, and leaders within the affiliated club and/or association are required by law to report harm or risk of harm to children and young people.

Action:

All affiliated clubs and associations are to identify and inform the relevant people within their organisation of their legal obligation to be a mandated notifier. In providing this information it is important for the club/association to emphasize, that a failure by a mandated notifier to report a suspicion formed on reasonable grounds that a child or young person is or may be at risk may result in a person being prosecuted and a court imposing a fine.

Appendix B:

FOOTBALL SOUTH AUSTRALIA COMPLAINTS PROCESS

1. Rationale

Football SA is committed to providing a high-quality service to all our stakeholders. If a stakeholder has a complaint or grievance, it needs to be addressed firstly with the party that the complaint/grievance relates to. Football SA recommends that the matter is addressed at the level that it occurs so that it can be dealt with in a timely matter and to avoid the matter being escalated higher.

If the complaint/grievance is raised with the club/association and is not addressed, the matter can then be referred to Football SA. Generally, Football SA will not address the matter if the club/association has not been provided with the opportunity to remedy the complaint/grievance.

Complaints may vary in severity and complexity and may be addressed informally or formally. Any complaints received should be addressed in a timely manner and should not be avoided as it may result in a minor complaint becoming significant. Football SA aims to provide consistency and fair handling of all complaints through this procedure.

Required Outcome 1:

To ensure that all affiliated clubs and associations abide by the Football Australia (FA) and Football SA Competition Rules and Regulations, policies and procedures.

Required Outcome 2:

To provide a clear and concise complaints handling process including an appeal process.

Required Outcome 3:

To provide consistency and fair handling of all complaints and grievances.

If the complaint is in relation to a club or association, in the first instance, the club and/or association should be provided with the opportunity to resolve the matter.
- 2.1.2.** In submitting a complaint to a club or association, this may in the first instance be undertaken informally. This may involve having a conversation with the relevant person about the complaint/grievance. If the matter is resolved no further action is required.

- 2.1.3.** If the matter cannot be resolved informally, the complaint/grievance should be submitted in writing to the relevant party outlining the nature of the complaint and the outcome that is being sought. - 2.1.4.** If the complaint/grievance is not resolved by the club/association following informal and formal process, a formal complaint may be made to Football SA. Prior to doing so, a person may contact Football SA to determine if the matter can be resolved without making a formal complaint. In undertaking this process the Football SA will only provide advice; a determination will not be made, and the person will not be instructed what action they should or should not undertake.
